Intern Position Description

Laborer, Trail Crew

WG-3

Position Title

GS or WG and what level?

DUTIES

- 1) Serves as a member of a trail crew responsible for the construction, repair and routine maintenance of refuge frontcountry hiking trails, remote wilderness routes and canoe trails.
- 2) Follows verbal and written instructions to complete new trail construction and rehabilitation projects and including, but limited to, trail re-routes, tread repair, construction of footbridges, boardwalks, and timber stairs, installation of drainage and erosion control structures.
- 3) Uses a variety of hand & power tools, **including chain saws**, to complete routine trail maintenance (clearing brush, trimming branches, removing downfall, etc.) and new trail construction projects.
- 4) Participates in extended overnight stays in the field in primitive "spike camps" to complete trail related maintenance and construction projects in remote areas.

EDUCATION LEVEL, SKILL, INTERESTS

- * Ability to serve as a member of a trail crew responsible for completing daily projects and participating in extended stays in remote field camps without more than normal supervision.
- * Ability to perform routine trail maintenance and trail-related construction activities.
- * Ability to use and maintain tools and equipment safely.
- * Ability to safely travel, work, and live in remote backcountry environments.

- 1) To be eligible for the Student Temporary Employment Program (STEP), you must:

- a) be **18 years of age or older** and
- b) be **currently enrolled as a half to full time student** (*as defined by the college/university*) at a college or university during spring 2012 and
- c) be **returning to a college/university enrolled as a half to full time student** (*as defined by the college/university*) in fall 2012 (school year 2012-13).

2) Valid Driver's License.

3) Skill and experience in the safe use of motor vehicles, hand and power tools, including chainsaws.

4) Will be required to wear a U. S. Fish & Wildlife Service uniform provided by the agency.

5) Will be required to carry a firearm while performing duties (for bear safety).

6) Will undergo security clearance and background check.

7) Government housing (for rent) may or may not be available.

WORK CONDITIONS, CLOTHING GEAR

For most work, trail crew members will receive detailed instructions at the beginning of each project and, if necessary, reviews supplemental instructions. The employee is responsible for completing work after getting initial oral or written instructions. Completed work is reviewed for completeness, quality, and compliance with instructions. Employee is expected to work in a manner safe to himself, other employees and the public. The employee is responsible for safe operation of power and hand tools and use of protective equipment.

Must be in good physical condition. This position requires frequent strenuous activity and very heavy physical effort. Exerts physical effort in doing such tasks as frequently lifting and moving objects weighing over 50 pounds and carrying heavy loads over rough terrain. Position requires repeatedly pushing, pulling, and/or carrying heavy loads. May require hikes to and from work locations of up to 15 miles a day.

The work will be outdoors in all extremes of weather involving exposure to temperature extremes. The tools, equipment and heavy objects involved occasionally present chances of serious injury (e.g. broken bones, severe cuts, strained back) Employee may be exposed to long periods of high noise from power equipment such as chain saws. He/she will be required to wear appropriate protective equipment such as safety glasses, hearing protectors, or hard hats. Work will be often performed in remote field settings where living conditions are primitive. Also, the intern should bring gloves, a warm hat, a baseball cap, sunglasses, hiking boots, comfortable loose clothing since the job entails being outside and strenuous hiking. Headlamp, flashlight or small battery operated reading light, and a calling card or cell phone.

FWS to Provide: Hip waders, safety work boots, mosquito jackets and head nets, any equipment needed in the field, such as backpacks, field vest, sleeping bags, cook stoves, binoculars etc.
